

LIDLAW LIQUID RUST SOUR

First Aid Procedures:

- Swallowing: Give victim water or milk. If unconscious or convulsing, do not give fluids. Keep victim warm.
Seek medical aid.
- Skin: Flush with water and seek medical attention.
- Inhalation: Remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. If breathing is difficult, give oxygen. Call a physician.
- Eyes: Flush with water and seek medical attention.

Health studies have shown that health risks vary from person to person. As a precaution exposure to liquids, vapors, misty fumes or dust should be minimized.

VI. REACTIVITY DATA

- Hazardous Polymerization: Will not occur.
- Stability: Stable.
- Incompatibility: Attacks glass.
- Hazardous Decomposition Products: Hydrogen Fluoride, Ammonia.

VII. SPILL OR LEAK PROCEDURES

Steps to be taken in case material is released or spilled:

Restrict access to the area until completion of cleanup. Use acid suits and acid-resistant footwear. Dike to contain material. Collect as much of the spilled material as possible in acid-resistant containers for possible reuse. Absorb the remaining material with sand, vermiculite, or other absorbent material, or neutralize with soda ash, sodium bicarbonate, limestone, or lime, until acidity is neutralized.

VIII. PROTECTION AND PRECAUTIONS

Respiratory Protection: Use self-contained breathing apparatus in high vapor concentrations.

Ventilation: General mechanical ventilation or local exhaust. Ventilation equipment should be explosion proof.

Protective Gloves: Rubber or vinyl gloves should be used when handling.

Eye Protection: Goggles.

Other Protective Equipment: Eye bath, safety shower.

IX. PRECAUTIONS OR OTHER COMMENTS

Precautions to be taken in handling and storing: Maintain good housekeeping. Avoid contact with eyes. Wash thoroughly after handling. Use with adequate ventilation.

The information and recommendations accumulated herein are to the best of Laidlaw's knowledge and belief, accurate and reliable as of the date issued. Laidlaw does not warrant or guarantee their accuracy or reliability, and shall not be liable for any loss or damage arising out of the use thereof.

HMIS and NFPA recommended ratings are based upon the criteria supplied by the developers of these systems together with Laidlaw's interpretation of the available data.

Information from the manufacturer of this product has also been incorporated in the data presented in this document.
