

LIDLAW BUFF

First Aid Procedures:

Swallowing: If swallowed, do not induce vomiting. Give large quantities of water or milk. Seek medical attention immediately.

Skin: Wash with water for 15 minutes.

Inhalation: Remove victim to fresh air.

Eyes: Flush eyes with large amounts of water for several minutes. Seek medical attention immediately.

Health studies have shown that health risks vary from person to person. As a precaution exposure to liquids, vapors, misty fumes or dust should be minimized.

---

**VI. REACTIVITY DATA**

---

Hazardous Polymerization: Will not occur.

Stability: Stable.

Incompatibility: Acids. Corrosive Caustic Soda may be produced when mixed with lime dust and water.

Hazardous Decomposition Products: Heating above 228° F may cause dangerous levels of carbon dioxide gas. Above 1564°F will cause yield of sodium oxide.

---

**VII. SPILL OR LEAK PROCEDURES**

---

Steps to be taken in case material is released or spilled:

If material is spilled, sweep into suitable disposal drum and flush with water. If material cannot be salvaged, the preferred method of disposal is in a secure chemical landfill in accordance with all local, state, and federal regulations.

---

**VIII. PROTECTION AND PRECAUTIONS**

---

Respiratory Protection: NIOSH / OSHA approved respirator for particulates. Use local exhaust and ventilate as necessary.

Ventilation: Local exhaust or general mechanical ventilation.

Protective Gloves: Normal work gloves are adequate.

Eye Protection: Goggles should be worn in dusty areas.

Other Protective Equipment: \_\_\_\_\_

Do not store close to acids. Avoid humid or wet conditions. Store in a cool, dry, well ventilated area. Keep container closed when not in use.

---

**IX. PRECAUTIONS OR OTHER COMMENTS**

---

Precautions to be taken in handling and storing: Maintain good housekeeping. Avoid contact with eyes. Wash thoroughly after handling. Use with adequate ventilation.
